Scavuzzo appointed to special agriculture committee

JEFFERSON CITY, Mo. – State Rep. Luke Scavuzzo, D-Harrisonville, has been appointed to the House Interim Committee on Emerging Issues in Agriculture.

The 12-member committee, which will meet during the coming months while the Missouri General Assembly is not in session, will study the recent impact of existing state agriculture policies and recommended changes in state law to strengthen Missouri's farming economy. The committee's recommendations could serve as the basis for legislation during the 2009 legislative session.

"Farming is vital to the economy of Missouri and Cass County," Scavuzzo said. "We must critically analyze existing agricultural policies to ensure that they are working and consider changes where necessary."
